

Linear monoblocks

REJBLOCK 360 | 540

Our Linear Monoblock combines fast changeovers and ease of use with high performances and flexibility.

- **The filling section of the REJBLOCK can be enhanced with our latest technologies:** Magnetic Flow Meters, Mass Flow Meters and servo controlled Volumetric Pistons.
- **Capping Section:** Can be configured depending on the required output speed and flexibility.
- **Compliance:** The machine can be supplied in food-grade and ATEX versions.
